

TIME FOR THE NATURE FESTIVALS IN INNSBRUCK

From 2 – 10 October 2020, locals as well as guests in Tyrol's capital will celebrate the wonders of nature and the environment at the INTERNATIONAL NATURE FESTIVAL (INF). The INNSBRUCK NATURE FILM FESTIVAL will take place for the 19th time between 6 – 9 October 2020 in the Metropolitan Cinema. Over 50 films from all over the world focus on nature and the environment. Numerous free-of-charge events will take you with INF EXPERIENCES through the city, up the mountains, into nature's habitat and teach you how to handle nature, the environment and its resources with care.

Where better to do such an event than in urban alpine Innsbruck? The INTERNATIONAL NATURE FESTIVAL 2020 will be a festival that enriches one and all with natural, tangible experiences and sensations. Follow INF and join the festival and its motto: **You are nature, we are nature.**

Program overview: <https://naturefestival.eu/en/inf/program/>

INF has been planned and carried out according to the current COVID-19 regulations. INF takes care for a safe participation at the indoor events (films and exhibitions) and outdoor activities. Observing the ongoing situation, INF is in close contact with public authorities. The safety of guests and visitors as well as team, partners and volunteers takes highest priority. Associated programme changes are possible at short notice. Information about this can be found on the digital platforms www.naturefestival.eu and www.facebook.com/inff_eu.

Information, dates, updates and tips are available on the INF digital channels
